

With all of us in mind

Making our services better

We are transforming the way our specialist learning disabilities services work.

We want them to

- meet the needs of local people
- offer the best care
- get the best results for people
- be value for money

We can only do this if we involve people who have a learning disability, their carers and families.

Please come to an event!

We will tell you what we plan to do.

We will ask for your ideas.

We will answer your questions.
